Training: In October, Central Calaveras Firefighters completed training in Driving and District Orientation, Fire Prevention, First Responder First Aid and CPR, Water Supply Operations, SCBA Proficiency, Fire Command and participated with West Point Fire in Vehicle Extrication training.

CERT: 16 CERT members (including 3 members from Central Fire) completed the Calaveras Emergency Response Team Basic Training Academy. Central Fire CERT members staff the Firefighter Support Unit and respond to fires and vehicle accident to provide firefighter rehab and support.

Pancake Breakfast: The Central Calaveras Fire Fighters Association held a pancake breakfast at the Mountain Ranch Town Hall and served well over 100 people.

Thanks to the donation of a Mountain Ranch citizen with the cooperation of Pelican Products, Central Fire Firefighters are now equipped with a Pelican 3715 right-angle, water resistant, UL and ANSI approved flashlight that produces almost 200 lumens of light. This is a significant improvement over the flashlights historically used and will greatly enhance safety and effectiveness.

Training: In September, Central Calaveras Firefighters completed training in Medical Helicopter Landing Zone Procedures, Medical Treatment of Snakebite Victims, Vehicle Extrication, and Firefighter Rehab.

Open House: on Saturday October 6th, a very well attended Open House was held at Station 1. A number of Community members stopped by to check out our equipment, see how we do things and ask questions. A number of Volunteer Firefighter applications were handed out. Hopefully some of these individuals will decide to attend the Volunteer Firefighter Academy which starts in January.

CERT: A Calaveras Emergency Response Team Academy will be held on November 2nd, 9th and 10th in San Andreas. Each Fire District in Calaveras (including Central Fire) has a CERT team. For Central Fire, CERT members staff the Firefighter Support Unit and respond to fires and vehicle accident to provide firefighter rehab and support. (see attached flyer)

Pancake Breakfast: The Central Calaveras Fire Fighters Association will be holding a pancake breakfast on October 26, 2013 at the Mountain Ranch Town Hall from 8a – 11a. Menu includes eggs, bacon, sausage, pancakes, biscuits and gravy, along with juice and coffee. Cost will be \$6 a person.

Mud Run: On Sunday, October 27th, Central Fire will have a team competing in the Down and Dirty National Mud and Obstacle Series at Folsom Lake State Recreation Area.

Water Tender 125	In Service	5	

August was a very busy month for Central Calaveras Fire. The month started with a weeklong deployment to the Aspen Fire in Fresno County. Mid month, Central Fire assisted CalFire with limiting a vegetation fire to approximately 10 acres in the Sun Mountain Road area of Sheep Ranch. Two days later, Central Fire assisted Cal Fire and Murphy's Fire with a vegetation fire in the Parrots Ferry / Natural Bridges area. Central Fire sent an Engine and Water Tender to the incident.

On August 20th, Central Fire Engine 121 was deployed for two weeks on the Rim Fire in Tuolumne County. The Rim Fire grew to more than 255,000 acres and is the 3rd largest fire in California history. It has yet to be fully contained. While Engine 121 was assigned to the Rim Fire, Central Fire staffed Engine 123 as part of an In County Strike Team to ensure that adequate fire resources were available in Central Fire's District as well as Calaveras County.

On August 28th, Central Calaveras Fire Engine 123, Water Tender 121, and Chief 120 responded to a reported structure fire in the Mountain Ranch area. The first engine on scene (a CalFire Engine assigned to the Esperanza Station) arrived they found a partially involved structure and were told that two occupants were still inside the structure. A rescue attempt was initiated and crews entered the building but were unable to locate any occupants and were forced out of the building by heavy fire conditions.

As additional fire apparatus arrived on scene, the fire spreading to the nearby vegetation was extinguished and the fire in the structure was also extinguished. The residence incurred extensive damage.

The subsequent investigation determined that two adult males had escaped from the fire. An adult female and adult male were unable to escape and perished in the fire.

Central Fire was assisted by San Andreas Fire, Mokelumne Hill Fire, West Point Fire, Altaville-Melones Fire, Angels City Fire, Calco Fire, Cal Fire, Calaveras County Sheriff's Office, and volunteers from the American Red Cross who assisted the survivors with relocating after the fire.

Central Fire at the Rim Fire

Central Fire would like to thank Mountain Ranch Residents Jerry and Sally Byrd for their very helpful donation of traffic control cones and signs. A traffic cone belonging to Central Fire was lost at the Day in the Park event and the Byrd's, when learning of this, offered a sizable quantity of used cones that they had as a replacement.

Open House: Central Fire will be participating in a Countywide Open House Event on Saturday, October 5th from Noon to 4:00 PM. Central Fire's event will be held at Station 1 at 19927 Jesus Maria Rd. Kicking off Fire Prevention week, this will be an opportunity for the public to see what Central Fire does, how they do it, and how to volunteer to help protect themselves, their families, and their neighbors. .

In July, Central Calaveras Fire's training focused on Driving and Fire Pump operations. Firefighters completed classroom sessions on Driving Safety and Regulations as well as completed competency assessments with Fire Apparatus which included on the road driving as well as maneuvering in driving courses. Additionally, two firefighters completed the State Fire Marshall advanced pumping operations course. The Fire Chief completed a Fire instructor Leadership in the Classroom and Orientation class required for registration as a Fire Instructor.

Personnel: Congratulations to Firefighter / Apparatus Operator Bret Belshe for attaining his California State Fire Marshall certification as a Fire Officer. He has been promoted to Fire Captain.

New Equipment: By selling and trading surplus equipment, Central Fire has obtained 10 new fire helmets, 12 'new' (2005) sets of Turnout gear and a new lightbar for U121.

Completed maintenance on the fire hydrant in Mountain Ranch. Hydrant was checked and painted. No Parking signs and Fire Lane markings were also installed to help deter people from parking in front of the hydrant and blocking access.

Thanks to the assistance and craftsmanship of District resident Dave Smith, new posting boxes were made and installed at Station 1, Station 4, and Station 5.

A handwritten signature in blue ink, appearing to read 'Jeffrey Stone', is written over a light blue horizontal line.

In June, Central Calaveras Firefighters completed training in: Safety, Firefighter Proficiency (Wildfire Safety, Wildfire Suppression, Progressive Hose Lays, Water Supply, and Fire Shelters), Volunteer Recruitment and Retention, Driving Instructor, & Hazardous Materials Annual Refresher.

Fire Season Outlook – Northern California: Significant wildland fire potential will continue above normal across eastern and southern portions of Northern California in July. By August above normal conditions will spread to encompass most of Area and these conditions are expected to persist through September. Conditions will moderate to normal in the north and east in October, but remain above normal in southern portions of the Area through October.

Upcoming Events: Mountain Ranch Day in the Park – Saturday August 24th.

In April, Central Calaveras Firefighters completed training in: Vehicle Maintenance, Traffic Control / Safety, Firefighter Proficiency (Wildfire Safety and Fire Shelters), Rural Water Supply, Fireline Safety for Equipment Operators.

With community support, the Firefighter's Association paid for the installation of a solar powered automatic pump switch for the water tank that supplies the fire hydrants in Mountain Ranch. The switch was installed by a local company, PumpCo, and will ensure that this vital water source will be available when needed for fire protection in the Mountain Ranch community. A new water level gauge was also installed in the water tank located on Worden Road that provides water for fire protection in that area. This will enable the District to ensure that water source is available when needed.

Central Fire hosted a county wide disaster drill exercise on April 20th in the Mountain Ranch area. Over 110 volunteers from multiple county and state agencies and private partners (PG&E) participated in the drill. Central Fire firefighters, CERT members, and local Red Cross volunteers participated in the drill. The Mountain Ranch Community Club was successfully utilized as a shelter with the cooperation of Calaveras County OES, CalWorks, Red Cross and other County and State agencies.

CalFire: The new Unit Chief position for CalFire has been filled by Josh White. CalFire started Fire Season May 1st. Burn permits are now required and burning is restricted to night hours. Over the weekend of May 4th-5th, a Strike Team of Engines from Calaveras County responded to the Springs Fire in Southern California and during that time period Central Fire E121 was on an In-County cover assignment providing fire protection coverage for the County.

Central Fire will be hosting a county wide disaster drill exercise on April 20th in the Mountain Ranch area. Multiple county and state agencies will be participating in this drill that will help ensure that Calaveras County is prepared for a disaster. Central Fire firefighters, CERT members, and local Red Cross volunteers will all be participating in this drill.

The Firefighter's Association will be holding a Rummage Sale / fundraiser at Station 3 in Mountain Ranch on Friday May 3rd and Saturday 4th.

CalFire: the unit Chief position for CalFire has not yet been filled – however is expected soon. Groveland Fire District has contracted with CalFire to provide fire protection services under a Schedule A contract. Previously, Groveland had a budget of over 1 million dollars but due to budget cuts a contractual arrangement was reached with CalFire to provide the services. The career Groveland firefighters were transitioned to CalFire under the arrangement and the Groveland volunteer firefighters are now administered by Tuolumne County.

CalFire expects to start fire season staffing on May 13th, adding additional engines on May 20th, and reach full staffing by June 10th. The January – March period was one of the driest in recorded weather history and the dry fuel conditions will likely result in a larger number of fires reaching larger proportions this fire season.

The Firefighter's Association is going to be holding a Dinner and Bunco Night on Saturday, February 23rd at 6:00 PM at the Mountain Ranch Community Club. This event will be a fundraiser to raise funds to install a radio controlled remote tank level for the Mountain Ranch water tank which holds water to protect the Mountain Ranch Community from fire.

Central Fire will be hosting a county wide disaster drill exercise on April 20th in the Mountain Ranch area. Multiple county and state agencies will be participating in this drill that will help ensure that Calaveras County is prepared for a disaster.

The Firefighter's Association will be holding a Rummage Sale / fundraiser at Station 3 in Mountain Ranch on Friday May 3rd and Saturday 4th.

Firefighter Lee Williams was recognized as the most active Central Fire Volunteer Firefighter for 2012. Firefighter Williams responded to 106 of the total 290 calls Central Fire responded to in 2012.

Resident Firefighter Cody Stephens was awarded Firefighter of the Year for 2012. Firefighter Stephens responded to 102 calls in 2012, spent 857 hours on incidents – including Strike Teams, completed over 200+ hours of training, spent 110 hours doing daily equipment checks and was "On Duty" as Volunteer Resident Firefighter 2871 hours.
